

Stenorette

Everything to get you ahead in analog dictation

Product overview analog dictation

High play back quality combined with easy to use features and long-lasting quality have spoken for themselves for decades. The proven classics – featuring the “Steno-Cassette 30” – the German DIN standard.

With our systems you are also well positioned for any future transition to digital dictation solutions. Analog accessories can continue to be used.

You will get all information on the very latest in digital dictation technology from your Grundig Business Systems Partner or directly from Grundig Business Systems.
