

DIGTA CONFERENCE STATION *“AUDIO RADAR” AT THE CONFERENCE TABLE*

Digta Conference Station

The Digta Conference Station offers an optimum solution for recording conferences of up to 15 persons. During the recording the device uses radar-like technology to focus specifically on the person speaking.

- An array of eight microphones
- Reduction of sound interference during recordings
- The device can be placed at a distance of up to 10 m from the meeting participants
- Excellent sound quality
- Special audio alignment level for best recordings with digital dictation machines
