

Digta Foot Control 536 / 540 USB

Ergonomic foot controller
for The secretary's office

MADE IN GERMANY

The Digta Foot Controller 536 and 540 USB represent durable and ergonomically shaped hardware quality. Connected to the digital transcription station they control the PC software Digta-Soft via USB connection or the Digta Soundbox 830.

According to the position of the switch at the bottom, the right pedal locks in electronically and the start function remains activated till the pedal is activated again, or the pedal must be kept pressed.

Note

It's not possible to use a Digta Foot Control 540 USB and a Digta Soundbox 830 simultaneously on the same PC, e.g. for use of a Swingphone with Grundig plug.
